

Our research commitment, Your engineering skills.

Over the next 20 years, the world's airlines will need more than 24,000 new aircraft, which must be greener, cleaner, quieter and smarter than ever before. With a record of technological advances that have included fly-by-wire and the first commercial flight using an alternative "gas to liquid" fuel, Airbus is continuing to set the standard.

We would like to invite you to attend our 'Airbus Road Show' on:

Wednesday 23rd April 2008

Venue: TBC

Congress Centre at Masaryk Hall of Residence (Masarykova kolej)

Thakurova 1, 16041 Prague, Czech Republic.

Programme:

© 10.00am – 10.30am	Welcome
© 10.30am – 11.30am	'An eco-efficient approach' Our research commitment, Your engineering skills
© 11.30am – 12.30pm	'A career with Airbus' Our future, Your talent
© 12.30pm – 2.00 pm	Lunch
© 2.00pm – 4.00pm	Careers Fair

If you are a 2nd year student studying Aeronautical Engineering or a similar Electrical/Mechanical Engineering discipline and are interested in finding more about internships and career opportunities within Airbus, come along and find out why we continue to create the future in civil aviation. Space is limited so please arrive early to avoid disappointment.

We look forward to seeing you there!
