The conditions for acceptance, admission examination and its evaluation criteria

Under Article 3 of the Admission Procedure Rules of the CTU (Appendix no. 2 to the CTU Statute) following conditions for admission are defined:

1. Admission examination consists of a written test (mathematics and English) and oral (committee interview).

2. The maximum score achievable in mathematics is 6 points. The maximum score achievable in the English language is 15 points.

   Applicants with a minimum score of 10.5 points (sum of mathematic and English tests) will be admitted to study program, the additional condition is that the candidate must reach at least 3 points in mathematics.

3. Written examination in mathematics takes max. 60 minutes, as well as the examination from the English language.

According to the Study and Examination Code of CTU in Prague, Art. 23, paragraph. 3, the potential supervisor of the proposed doctoral topic will participate at the oral admission procedure of the applicants. During the admission examination, the supervisor has the right of veto over the decision to admit these applicants to study of proposed topic. The participation of the supervisor at the oral part of the admission procedure is always necessary, even if the topic of doctoral work is agreed upon in advance.

Faculty of Transportation does not offer an alternative date (for the regular admission procedure) for oral and written entrance examination for doctoral programs.

Decision of acceptance and enrolment

According to § 51, article 1 of The Higher Education Act No. 111/1998 and the amendment of other acts, right for enrolment is granted to applicant by notification on decision of acceptance. The faculty will inform accepted applicants of the enrolment date and time along with the decision of acceptance into studies.

The Decision of Acceptance will be delivered to the applicant in writing and the list of the accepted and non-accepted applicants will be published on the official board as well as on the Faculty’s website.

Doc Ing. Pavel Hrubeš, Ph.D.
Dean of the CTU in Prague
